## Continuing Dental Education Sponsorship Package

### About the Iranian Ontario Dental Association (IODA)

The IODA, founded in 2014, is a legally recognized and registered non-profit organization in Canada. We are dedicated to providing our members excellent opportunities for dental and interdisciplinary learning seminars, workshops, networking, and social events in order to create a strong presence and voice within the Canadian dental community.

### About CDE events:

One of the main focuses of IODA since its creation has been on providing top quality continuing dental education courses for its members. Last year's CE seminars have all been sold-out events. We have a full calendar of CDE events available at <https://www.ioda.ca/2020-dental-courses>

This gives our potential sponsors a unique opportunity to showcase their products and services and present it to our dentist members.
